A. About PETA Australia

People for the Ethical Treatment of Animals (PETA) Australia is the local affiliate of the world's largest animal rights organisation, PETA US, which has over 6.5 million members and supporters worldwide. PETA is dedicated to establishing and protecting the rights of all animals and operates under the simple principle that animals are not ours to eat, wear, experiment on, use for entertainment or abuse in any other way.

PETA works through public education, cruelty investigations, research, lobbying, celebrity involvement and protest campaigns to focus international attention on the exploitation and abuse of animals for their flesh, for their skins, as living test tubes in laboratories and for entertainment.

B. PETA's Response to the Consultation

Animal Health Australia is seeking submissions from the public as part of its development of the proposed *Australian Animal Welfare Standards and Guidelines for Poultry*.

PETA has had the opportunity to review the submission prepared by Voiceless regarding these materials dated 26 February 2018, and endorses the comments and recommendations made therein.
