

# To: Animal Welfare Standards,

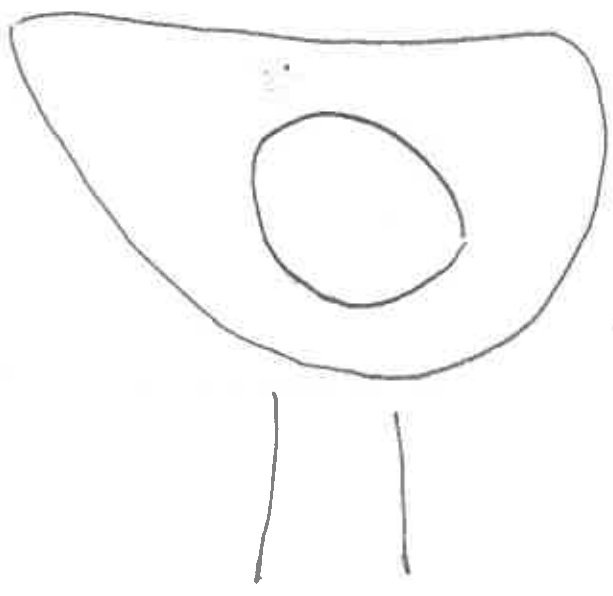

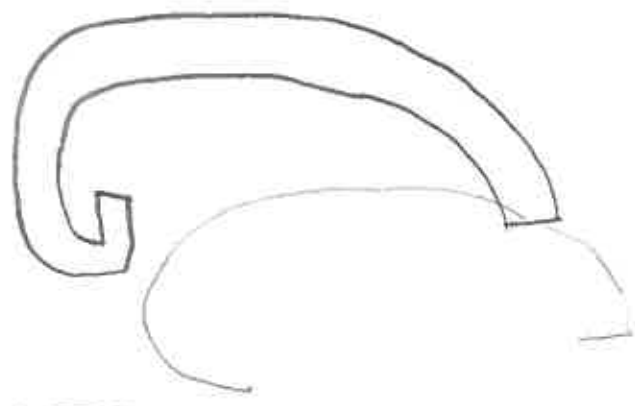

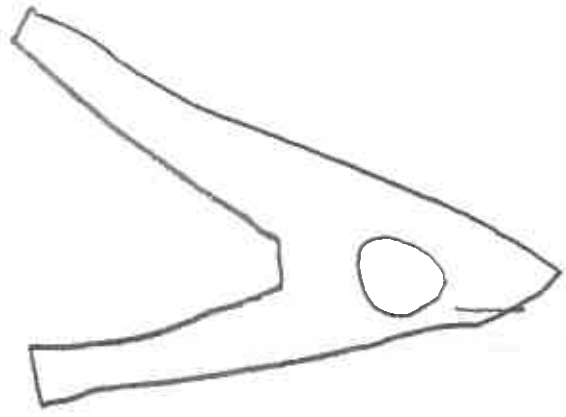

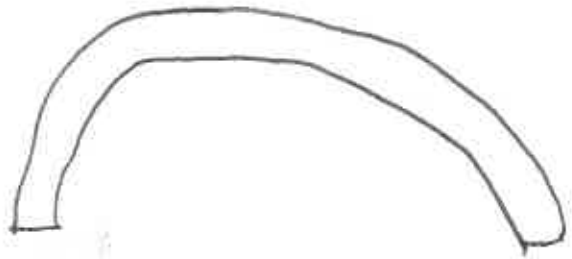

I think that it is so ~~unright~~ <sup>unright</sup> firer that you are caging chickens. ~~it~~ it is like if your mum was ~~prince~~ and you were born in a bag and you died as soon as you were born you would not like that so maybe you could

To person(s) who cage chickens please stop  
caging chickens  
I repeat

# Please Stop

I imagine being a chicken, caged in a tiny cage. Pooping or weeing in a tiny cage that can just fit you. And moving a cage just to get to your food

Don't worry chicks help is on the way!!!

# To animal welfare standards

Do you realise what you are doing?  
Why do you want to ruin a living  
creatures' life! It's animal cruelty!  
leaving a poor chicken in a cage!  
that is absolutely tiny! How can  
they live a happy life? How would  
you like it if you were a chicken  
living in that tiny cage having no  
room to lay eggs and dying painfi-  
-ly! Chickens deserve to live a free  
life running in the grass, having  
all the sunlight they need! It's  
beautiful! but... living in a tiny cage  
for all your life! It's HORRIBLE. How  
can these chickens live a  
happy life! In cages! Please  
stop what your doing! You're not helping  
anyone!

CHICKENS SHOULD  
NOT BE  
CAGED  
AT ALL

CHICKENS should Not be  
caged at all because it  
is complete torcher and  
if you think it isn't then  
why don't you live in a  
cage for your whole  
life and see if you  
like it.

Zane M age II

Put chicken in cages

do not put chickens  
in cages at all

10: What will be the standards,

I think you should stop torturing the chickens,  
What I mean with torturing is caging the chicken  
or making the roosters suffercate.

I understand it might be/is a hard job but  
they are really suffering, for example if you have  
a pet would you squish/stuff it in a cage with  
other of its kind even if they <sup>or it</sup> don't like it?

CHICKENS  
Should live  
Longer!

So Hopefully you believe me and  
change it. Oh and by the way Have you  
seen how their top red thing on their  
Head (comb) it turns white when they loose  
lots of energy. Here are some drawing  
(turn)
